By Karen E. Dill-Shackleford : How Fantasy Becomes Reality: Information and Entertainment Media in Everyday Life, Revised and Expanded

luke plunkett is a contributing editor based in canberra australia he has written a book on cosplay designed a game about airplanes and also runs cosplaykotaku telltale has three new game seasons in the works the company said today theres a new batman starting in august and sequels to the wolf among us and the walking How Fantasy Becomes Reality: Information and Entertainment Media in Everyday Life, Revised and Expanded:

From smartphones to social media from streaming videos to fitness bands our devices bring us information and entertainment all day long forming an intimate part of our lives Their ubiquity represents a major shift in human experience and although we often hold our devices dear we do not always fully appreciate how their nearly constant presence can influence our lives for better and for worse In this revised and expanded edition of How Fantasy Becomes Reality Professor Karen Dill has done a remarkable job in presenting the scientific facts about the huge often harmful sometimes helpful impact that TV films video games and music have on us all and she has done so in a way that is engaging and easy to understand
