**By Larry B. Golden : Case Studies in Child and Adolescent Counseling** screeningcounseling recommendation; cancer cervical start screening every three years at 21 years of age skin insufficient evidence to recommend for or against overview a a searchable database of over 700 evaluated programs serving children and youth and research based on those evaluations Case Studies in Child and Adolescent Counseling:

1 of 1 review helpful What an awesome book By Saved by Southern Charm Each case study in this book is told by the treating therapist counselor social worker psychiatrist They describe and critique their most challenging case in dealing with an adolescent The problems addressed in the cases are varied and range from moderate to severe We are using this book in a graduate level counseling course to analyze each case an This award winning book presents a realistic picture of therapy s rewards and challenges through sixteen actual cases involving children and adolescents

Readers are exposed to a variety of counseling theories and the real live counselors who use them. The cases deal with major problem areas such as sexual abuse, dual diagnoses, seriously dysfunctional families and addictions. A five part organization of each case covers an introduction, the Back Cover, Its use of actual therapist-client dialogue and treatment of current issues such as brief therapy. Provide readers with a snapshot of the real world of child counseling. This practical case studies book gathers the varied case work of 16 ex-
