**By Robert S. McKelvey : The Dust of Life: America's Children Abandoned in Vietnam** article about the history and contemporary situation of vietnamese amerasians along with the economic social and emotional issues they face as they adjust to life why all your friends are going to portugal right now this coastal nation is home to some of europes finest beaches medieval castles wine country and port towns The Dust of Life: America's Children Abandoned in Vietnam:

8 of 9 review helpful Not all abandoned By Richard I searched for my Vietnamese American daughters mother for 22 years and was surprised to learn that she had been 2 months pregnant when I had left Vietnam And so found a lovely daughter whom means the world to me today Her mother had changed her name to escape the communists Hopelessly looking for a person with a name I could not know did not exist anymore The Dust of Life is a collection of vivid and devastating oral histories of Vietnamese Amerasians Abandoned during the war by their American fathers discriminated against by the victorious Communists and ignored for many years by the American government they endured life in impoverished Vietnam Their stories are sad sometimes tragic but they are also testimonials to the strength of human resiliency While unique in many respects the Vietnamese Amerasian story also From Library Journal While television accounts of war and civil strife tend to devote substantial time to the plight of the helpless

civilian published accounts largely concentrate on the military and political aspects of the fighting relegating the civilian sector
