By Haruki Murakami : Underground: The Tokyo Gas Attack and the Japanese Psyche tokyo ghoul is a seinen manga series that mixes together elements of horror and action starting off with references to the metamorphosis but

quickly as i was walking through a quiet residential area of tokyo the other evening i spotted something very familiar parked inside a dark garage of an apartment building Underground: The Tokyo Gas Attack and the Japanese Psyche:

6 of 6 review helpful Fascinating Modern History and Look into the Mind of Murakami By queenhobart I read this because I love Murakami I had never heard of the Tokyo gas attacks and now am frankly pretty surprised it had never come up in the US Anyhow Murakami mostly stays out of his subjects ways in the first portion of the book He lets survivors speak for themselves and neither he nor the translator make In this haunting work of journalistic investigation Haruki Murakami tells the story of the horrific terrorist attack on Japanese soil that shook the entire world nbsp On a clear spring day in 1995 five members of a religious cult unleashed poison gas on the Tokyo subway system In attempt to discover why Haruki Murakmi talks to the people who lived through the catastrophe and in so doing lays bare the Japanese psyche As he discerns the fundamental issues t From Publishers Weekly On March 20 1995 followers of the religious cult Aum Shinrikyo unleashed lethal sarin gas into cars of the Tokyo subway system Many died many more were injured This is acclaimed Japanese novelist Murakami s The Wind Up Bird Chronicle
