0 of 0 review helpful Fantastic book simplified everything By Karen I am currently studying for an exam on social psychology next week I honestly had no clue what or how to understand social psychology and all the complex words

that come with it I can genuinely say that this book has been absolutely fantastic at simplifying it and helping me make sense of social psychology Like the above comment I too think this book need This is an excellent textbook that should be compulsory reading for any undergraduate student of Social Psychology Wendy Stainton Rogers has done a remarkable job of synthesising theories within these broad approaches She has used her vast experience in distance learning to write a book that draws students in and has them reading simply because the material is so very interesting Although Stainton Rogers outlines the British Psychological Society s requirement
