By Attributed to Grete Lanier : A Young Girl's Diary: Prefaced with a Letter by Sigmund Freud A Young Girl's Diary: Prefaced with a Letter by Sigmund Freud:

1 of 1 review helpful The Private Voice By Peter Baklava It's hardly surprising that Sigmund Freud promoted this diary for publication. It provides a classic textbook glimpse into the stages of adolescent girlhood even though it is nearly a century old. Grete Lanier was a typical although somewhat precocious Viennese girl in a bourgeois family circa 1910. Like most of her peers she was obsessed with social. This authentic diary kept by a Viennese schoolgirl when she was eleven to fourteen years old first appeared publicly in 1919. Richly expressive and emotionally moving, it intimately chronicles her passage from childhood to puberty with frankness, lucidity and an honesty that scandalized the anonymous author's contemporaries. Originally presented by Sigmund Freud as a specimen to analyze and observe the development of a young female during the vital years of adolescence.
