ADHD is one of the most commonly diagnosed behavioural disorders in children and young people. It is a complex and contested condition with potential causes and treatments in biological, psychological and social domains. This is the first comprehensive text for nurses and other health professionals in this field. *Nursing Children and Young People with ADHD* explores the evidence incorporating and expanding on the new NICE guidelines for practice in the UK. About the Author: Noreen Ryan is Nurse Consultant within Child and Adolescent Mental Health Services for Bolton Hospitals Trust. She is part of the NICE practice guidelines development group for the assessment and treatment of ADHD in children.
