**By Christopher A. Kearney : Casebook in Child Behavior Disorders** Casebook in Child Behavior Disorders:

0 of 0 review helpful Not new By Customer There was writing in it Not a huge deal but I expected it to be new 1 of 1 review helpful Excellent book By waw2353 Well written and has plenty of examples to provide ideas for working with children who have behavior problems I highly recommend this book for parents and caregivers who need to know about what they can do to pr This casebook portrays the rich and arresting nature of disorders that first manifest themselves in childhood and shows how the child s developmental patterns shape the expression of each disorder Each case is complex and rich and demonstrates how each disorder is expressed from presentation through diagnosis and treatment in a way that a case excerpt within a chapter simply can not do Throughout the book the author explores the DSM IV criteria and demonstrates the in The topic coverage is excellent and the material presented for each disorder is timely and is done in a thorough manner What I especially liked was the fact that children of varying ages and of various cultural and ethnic backgrounds were used as examples
