when their mental pain reaches a level A Bright Red Scream: Self-Mutilation and the Language of Pain:

4 of 4 review helpful Good Read for Cutters and Those Who Love Them By WSH11 This book is great for cutters as it helps to know others get it The author does not judge but instead attempts to explain cutting I have shared this book with others therapists loved ones and have been told it has helped them understand better and worry less This book does a great job of explaining that cutting is NOT a suicide attempt Self mutilation is a behavior so shocking that it is almost never discussed but is cloaked in denial Yet estimates are that over two million Americans and millions more around the world are chronic self injurers They are people who use knives razor blades or broken glass to cut themselves They do it systematically for many years and without help they can rarely stop Most have lived through severe forms of emotional or physical childhood abuse The pain they feel A bright red scream is how one of the subjects Marilee Strong interviews in this chilling yet compassionate study of self mutilation describes the sensation of intentionally inflicting pain upon oneself It is a compulsion that while shocking and bewil
