5 of 6 review helpful Great Book about Parentification By ALB4ME As a counselor this is a great reference book about Parentification It is the go to book for research and presentations HIGHLY RECOMMEND 3 of 3 review helpful The Best Book on the Topic By river run It's scholarly but not so academic that a lay person wouldn't benefit It's really an outstanding piece This volume is a comprehensive study of parentification in the family children who fulfill the role of parents to their own parents or to their siblings almost always at the expense of their own development The book is divided into two sections theory and research and contextual perspectives
