By Paul Ed. Kymissis : Group Therapy with Children and Adolescents we offer occupational speech and physical therapy for infants through adolescents as well as classes for children parents and the professionals that work welcome to spot on therapy group llc we are excited to be able to provide occupational physical and speech language therapy services to you and your family Group Therapy with Children and Adolescents:

Group Therapy With Children and Adolescents explores a major treatment modality often used with adult populations but rarely considered for child and adolescent treatments. With contributions from experts in the United States and abroad, this book looks at the effectiveness in both treatment and cost of group therapy as it applies to these particular age groups. As psychiatric techniques have evolved, many varieties of group therapies have been developed and applied. I highly recommend this book for enlightened reading in important areas of concern to all therapists and educators who are interested in groups and young people. In addition, I do not know of a more valuable reference for the clinician's collection. It will provide...
