By George H. Orvin : Understanding the Adolescent the center for adolescent health and the law is a unique national organization that works exclusively to promote the health of adolescents and their access to the formal study of adolescent psychology began with the publication of g stanley halls quot;adolescence in 1904quot; hall who was the first president of the american Understanding the Adolescent:

As we all know adolescence is a time of growth For many it is an emotional time filled with excitement happiness fear rebellion and confusion During adolescence roles are mapped out and identities are established Although for centuries society has recognized the effect adolescence has on children it has all too often failed to discuss its effect on parents How are parents performing during this time Many parents worry about not doing enough but are they d Written for parents Understanding the Adolescent illustrates just what it is the adolescent is attempting to do and why he or she must Dr George Orvin seeks to focus not only on the child s growth during this turbulent period but also on the parents He a
