By E. Mark Cummings PhD, Patrick T. Davies PhD : Children and Marital Conflict: The Impact of Family Dispute and Resolution

chronic parental conflict how it can be harmful for children the wish of basically all children is that their parents do not argue or fight with each other and family relationships online provides all families whether together or separated with access to information about family relationship issues ranging from building Children and Marital Conflict: The Impact of Family Dispute and Resolution:

0 of 0 review helpful very good information and great research By EMD I purchased this book to use for my psychology class for writing about impact on marital conflict this worked perfectly and had all of the information that I needed very good writing easy to read and very helpful 5 of 5 review helpful Excellent overview of an important topic By A Customer I think It has long been assumed that family fights have a negative effect on children Recent findings from research and clinical practice indicate that it is not necessarily the presence of marital conflict that adversely affects children but more specifically how disagreements are handled within the family Reviewing the now extensive literature on the subject this volume examines the impact of familial discord on children and presents strategies for clinicians to help parents resolve differences more effectively for their marriage and their children It is authoritative readable and practical This book is
