By Gayle D. Pitcher, Scott Poland EdD : Crisis Intervention in the Schools Crisis Intervention in the Schools:

Whatever the reason it is clear that crises are no longer unique events that will rarely or never be encountered. We drill for prevent and are continually educated in managing fires. What do we know about other personal and disaster related crises in the schools. What theoretical philosophies might apply. What research and what information that others have learned the hard way from experiencing crises might help schools prepare for crisis. How can we support yo. Provides essential information regarding the nature of crises and straightforward guidelines for setting up the necessary intervention programs. An excellent book for special educators, school psychologists and administrators. Includes sample handou
