By John Dewey : The Public and Its Problems senior fitness programs at the library a recent npr story highlights an emerging trend in public libraries providing opportunities for older adults to exercise and the 10 essential public health services describe the public health activities that all communities should undertake and serve as the framework for the nphps instruments The Public and Its Problems:

1 of 1 review helpful Conceptually Original and Analytically Brilliant By not a natural John Dewey's book *The Public and Its Problems* is beautifully written and substantively powerful. Though an imperfect book, it can reasonably be described as a testimonial to Dewey's genius as a student of social and political life. First published in 1927 and not one of Dewey's better known books, it is astonishingly timely. The funda In *The Public and Its Problems*, a classic of social and political philosophy, John Dewey exhibits his strong faith in the potential of human intelligence to solve the public's problems. In his characteristic provocative style, Dewey clarifies the meaning and implications of such concepts as the public, the state, government, and political democracy. He distinguishes his a posteriori reasoning from a priori reasoning, which he argues permeates less meaningful disc. The definitive edition of John Dewey's most enduring work on politics, *Melvin Rogers* has performed the admirable task of crafting a beautifully lucid introduction and an exhaustive annotation of the text. Students and scholars of Dewey will be in
