Everything Is Miscellaneous: The Power of the New Digital Disorder:

2 of 2 review helpful How to Categorize this book By fil I really enjoyed the book As someone who tags everything and is really focused on keeping my iPhoto library organized the concepts presented really appealed to me I d jumped into tagging and never considered the fact that it does hide other information Yet another example of extremes somewhere in the middle is a happy medium A couple of things tha Perfectly placed to tell us what s really new about the second generation Web Los Angeles TimesBusiness visionary and bestselling author David Weinberger charts how as business politics science and media move online the rules of the physical world in which everything has a place are upended In the digital world everything has its places with transformative effects bull Information is now a social asset and should be made com Human beings are information omnivores we are constantly collecting labeling and organizing data But today the shift from the physical to the digital is mixing burning and ripping our lives apart In the past everything had its one place the phys
