By John F. Dovidio, Jane Allyn Piliavin, David A. Schroeder, Louis A. Penner : The Social Psychology of Prosocial Behavior used as a term only since the 1970s prosocial behavior is the antonym of antisocial behavior the research into the psychology of giving helping and sharing has siop home >prosocial i o purposes and benefits pro social i o work broadly refers to volunteer or extra role behavior that applies i o psychology research The Social

Psychology of Prosocial Behavior:

0 of 0 review helpful Good material but some issues with the book By M Pniewski This book appears to be the material that I had expected I have however found some printing related issues When I received the book I was a little taken back by the appearance of the cover The text is light and seems poorly aligned with the book It looks as if the cover has been scanned from a previous printing and haphazardly repr Written by four leading researchers in the study of prosocial behavior this book introduces a new perspective on prosocial behavior for the 21st century Building on the bystander intervention work that has defined this area since the 1960s The Social Psychology of Prosocial Behavior examines prosocial behavior from a multilevel perspective that explores the diverse influences that promote actions for the benefit of others and the myriad ways that prosocial acti ldquo it should be highly appealing to any instructor offering a course in helping and altruism to scholars for their own libraries and to practitioners rdquo nbsp nbsp nbsp nbsp nbsp nbsp nbsp nbs
