1 of 1 review helpful You ll have a better understanding of what it s like to be an RSO in America By Mary For someone trying to understand what being a Registered Sex Offender RSO in America really means to your mental state your family roommates your ability to find and retain employment and the fear of losing your rental or being a target of vigilante acts then this is worth a read It s very well written But t The 1990s witnessed a flurry of legislative initiatives — most notably "Megan's Law" — designed to control a population of sex offenders child abusers widely reviled as sick, evil, and incurable. In "Sex Offenders, Stigma, and Social Control," Diana Rickard provides the reader with an in-depth view of six such men exploring how they manage to cope with their highly stigmatized role as social outcasts. A timely and important book. Readers unfamiliar with the functions and consequences of sex offender registration and community notification laws will find an engaging, easy-to-read discussion of such policies. Scholars familiar with sex offender
