0 of 1 review helpful Five Stars By patricia turner great book particularly for me as an graduate student in psychology
0 of 1 review helpful Great By Susan Avery As expected 0 of 1 review helpful Some chapters are better than others By
Customer The book is in general Ok Some chapters are better than others The Understanding Social Psychology
Across Cultures Second Edition starts by asking why social psychology needs a cross cultural perspective It then
examines cultural differences and their origins before addressing traditional social psychological themes cross
culturally for example group processes self and identity intergroup relations Themes of contemporary relevance
including migration ethnic conflict and climate change are also covered For anyone eager to learn about how members
of different cultures are fundamentally different and yet sometimes remarkably similar this book provides a great read
Roy F Baumeister Florida State University Tallahassee USA Unders
