**By Dr Brendan Belsham : What's the fuss about ADHD?** cry rooms and nurseries create a sequestered church which is not what scripture teaches its unnatural to coop kids up and force them to sit still at all times you wonder if everybodys life is as chaotic as yours is here are 20 things you shouldnt do if you love someone who has adhd What's the fuss about ADHD?:

3 of 3 review helpful Outstanding By Simon This is the best book I have ever read on the subject of ADHD Attention Deficit Hyperactive Disorder My wife and I read the book over the December holidays and we battled to put it down It is very informative and also easy to read Dr Belsham gave medical facts in a way that a layperson can understand and make sense of what is being communicated The book covers the history of Written mainly for parents of children with ADHD this book explores the controversies surrounding the condition and presents the relevant science in a way that is accessible and readable It covers various aspects of the disorder including its history diagnosis causes and treatment Dr Belsham has drawn on his twelve years of private practice as a child psychiatrist to address the issues which most concern parents such as the accuracy of diagnosis and the safety
