## Understanding What Goes Wrong and Why:

7 of 8 review helpful Do you want to know what ADHD is how it works and where it comes from By Customer Dr Nigg is one of the nation's foremost authorities on ADHD I enthusiastically awaited the arrival of his new book after reading many of his important scientific writings In line with the rest of his work this book is a thorough balanced relevant review of the causes of ADHD and so I was not disappointed Synthesizing a wealth of recent neuropsychological research this groundbreaking book focuses on the multiple pathways by which attention deficit hyperactivity disorder ADHD develops Joel T Nigg marshals the best available knowledge on what is actually going on in the symptomatic child's brain and why tracing the intersecting causal influences of genetic neural and environmental factors In the process the book confronts such ends Nigg's book is a tour de force Conceptually rich and clinically relevant it does not shrink from current controversies regarding ADHD but instead synthesizes massive amounts of relevant up to the minute research into a masterful whole This bo
