0 of 0 review helpful A must for all parents By Customer Excellent book 0 of 0 review helpful Five Stars By carmenaida jimenez Love this book 65 of 67 review helpful Objective and information packed resource By Jamie Hill This was the first book of its kind that I've read that didn't take sides on this. The coauthor of the bestselling Driven to Distraction broadens his scope with this practical accessible guide to coping with a wide range of behavioral problems in children from birth to age eighteen. Soothing reassurance with powerful information to worried parents who are seeking answers Harvey Parker Ph.D. author of The ADD Hyperactivity Book for Parents Teachers and Kids.com There are a ton of books that offer child rearing advice and only a few less that describe research on childhood emotional and learning problems this is one of the few books that combines the two. Edward Hallowell brings readers into his consultation room.
